IMPACT PERFORMANCE

Fund Update⁶

As of March 31, 2025, Global Partnerships Impact-First Growth Fund, LLC (IFGF) had active investments across eight initiatives (listed on the following pages), facilitating access to opportunity in economic livelihoods, health, housing, and water. The fund continued to invest in social enterprises that serve people living below \$5.50 PPP/person/day.¹ Fund concentration in women- and rural-centered initiatives contributed to strong outreach to both female (73 percent) and rural (54 percent) clients,² who tend to be disproportionately excluded from access to opportunity. Since fund inception, IFGF investments have impacted an estimated 1.5 million lives,³ including 194 thousand impacted during the first calendar quarter. Global Partnerships (GP) and a subset of social enterprise partners use targeted, mobile-based impact assessments to better understand if and how those lives are improving. As of March 31, 2025, 20 of the active partners in IFGF⁴ had completed such assessments, with surveyors speaking with 5,942 clients across 17 countries and four initiatives. While the types of outcomes vary by initiative, 90 percent of surveyed clients reported improved quality of life as a result of their engagement with IFGF partners.⁵
