IMPACT PERFORMANCE

Fund Update⁶

As of June 30, 2026, Global Partnerships Impact-First Growth Fund, LLC (IFGF) had active investments across nine initiatives (listed on the following pages), facilitating access to opportunity in economic livelihoods, health, housing, and water. The fund continued to invest in social enterprises that serve people living below \$6.85 PPP/person/day.¹ Fund concentration in women- and rural-centered initiatives contributed to strong outreach to both female (72 percent) and rural (58 percent) clients,² who tend to be disproportionately excluded from access to opportunity. Since fund inception, IFGF investments have impacted an estimated 2.7 million lives,³ including 270 thousand impacted during the second calendar quarter. Global Partnerships (GP) and a subset of social enterprise partners use targeted, mobile-based impact assessments to better understand if and how those lives are improving. As of June 30, 2026, 30 of the active partners in IFGF⁴ had completed such assessments, with surveyors speaking with 8,559 clients across 18 countries and seven initiatives. While the types of outcomes vary by initiative, 89 percent of surveyed clients reported improved quality of life as a result of their engagement with IFGF partners.⁵
