IMPACT PERFORMANCE

Fund Update⁶

As of September 30, 2024, Global Partnerships Impact-First Development Fund, LLC (IFDF) had active investments across 10 initiatives (listed on the following pages), facilitating access to opportunity in economic livelihoods, health, and housing. The fund continued to invest in social enterprises that serve people living below \$5.50 PPP/person/day.¹ Fund concentration in women- and rural-centered initiatives contributed to strong outreach to both female (78 percent) and rural (60 percent) clients,² who tend to be disproportionately excluded from access to opportunity. Since fund inception, IFDF investments have impacted an estimated 4.0 million lives,³ including 234 thousand impacted during the third calendar quarter. Global Partnerships (GP) and a subset of social enterprise partners use targeted, mobile-based impact assessments to better understand if and how those lives are improving. As of September 30, 2024, 26 of the active partners in IFDF⁴ had completed such assessments, with surveyors speaking with 7,473 clients across 14 countries and six initiatives. While the types of outcomes vary by initiative, 90 percent of surveyed clients reported improved quality of life as a result of their engagement with IFDF partners.⁵
